

WOMENS CLOTHING SIZE GUIDE

How to measure:

- CHEST

Measure around the fullest part of your bust, with the tape under your arms and flat across your back (parallel with the floor). It's best to do this with your top off, or with a bra you intend to wear with the garment.

- WAIST

Measure around the narrowest part of your waist, keeping the measuring tape level with the floor.

- HIPS

With your legs and feet together, draw tape firmly around the fullest - that is, the widest - part of your hips to take measurement. **IN CENTIMETERS!**

SIZE:	XS	S	M	L	XL
CHEST	82-86	88-92	94-98	100-104	106-110
WAIST	62-66	68-72	74-78	80-84	82-86
HIPS	88-92	94-98	100-104	106-110	112-116
